Skills

TECHNICAL SKILLS

- Programming languages (Java, Python)
- Web Development (HTML, CSS, Java Script)
- Front end (Angular, React)
- Back end (Spring Boot, My SQL)

SOFT SKILLS

- Problem – Solving
- Teamwork
- Time Management
- Communication
- Leadership
- Adaptability

Introduction

I have a background in programming, with specialization in JavaScript, Python, and Java, and I am currently doing my 2nd year in Computer Science. I have a passion for front-end development and aim to continue my technical skills improvement with projects and continuous learning. With experience of organizing and participating in various tech-related events, I have developed teamwork skills and the ability to solve problems. With a focus on technical skills and creative ideas, I would give much to such innovative projects and make them successful.
